

The 2024 International Geography Olympiad (iGeo)

Poster Competition

Theme: Geographers - Making a Difference

Each team is invited to complete a poster for display at the iGeo competition. Posters will be displayed at the event on the evening of Thursday 22nd August 2024, as well as at the International Geography Congress which takes place the week after iGeo.

Your poster should explore the theme of difference, showcasing how geographers / geography makes a difference in your country / place.

Posters have to be prepared and presented only by the students in your team. Using a poster prepared by someone else will result in disqualification from the poster competition. The poster presentation is separate to the iGeo competition, and is not counted as part of a student's final score in the iGeo.

Possibilities

Locality based	Geographers at work in our locality, e.g. examples of the work of a number of geographers in one locality or area.
Theme based	Geographers working in a particular topic, e.g. coastal management, urban issues, sustainability, inequality.

Criteria

Team	Clear evidence of the team working together for the whole process of making the poster, e.g. ability to discuss the process of working together, descriptions of how the team met and collaborated.
Writing	Appropriate writing and data to describe the work of the geographers. Critical analysis of the possibilities and limitations of the work of geographers in society.
Research	Evidence of a range of methods of researching content for the poster.
Presentation	High quality presentation of material, using a range of methods of presentation methods used by geographers, e.g. maps, diagrams, tables, text, etc.
Referencing	Material used to inform the poster is credited and referenced.
Originality	Poster presented by the group of students, as an original piece of work.

Poster format and size

Posters must be created digitally, using PowerPoint, or other graphic design software. The size of the poster must be set at the start of the process of putting the poster together. They must then be saved as a high-resolution PDF file for printing. We will print the posters for all teams and have them available at the beginning of the IGEO.

Dimensions	A1 762 mm wide x 1016 mm high 30" wide by 40" high
Layout	Portrait
Border	1.5 cm or 1/2" bleeding area or border when submitting for printing
Resolution	350 dots per square inch (dpi) or above
Colour tone	CMYK
Format	PowerPoint and PDF (send as two files)

Wishing you the best of luck with your work for your poster.
